# DETAILED TABLE OF CONTENTS

## UNIT I FOUNDATIONS OF MENTAL HEALTH NURSING

### Chapter 1 Introduction to Mental Health Nursing

**MENTAL HEALTH AND MENTAL ILLNESS**
- Mental Illness
- Mental Health

**SIGNIFICANCE OF MENTAL DISORDERS**

**THEORIES OF MENTAL DISORDERS**
- Neurobiological Theory
  - Genomics, Gender, Neurotransmission, Biological Rhythms, Importance of the Neurobiological Model
- Older Theories
  - Intrapersonal Theory, Social–Interpersonal Theory, Behavioral Theory, Cognitive Theory
- Personality
- Nursing Research

**THE THERAPEUTIC RELATIONSHIP**
- Student Concerns
- Caring: The Art and Essence of Nursing
- The Nurse–Client Relationship
  - Introductory Phase, Working Phase, Termination Phase
- Components of the Relationship
- Boundaries of the Relationship

**NURSING PROCESS IN MENTAL HEALTH NURSING**
- Critical Thinking
  - Characteristics of Critical Thinking

**THE NURSING PROCESS**
- Standard I: Assessment
  - Interview, Observation
- Standard II: Diagnosis
- Standard III: Outcome Identification
- Standard IV: Planning
- Standard V: Implementation
- Standard VI: Evaluation

## MEETING THE CHALLENGES OF THE TWENTY-FIRST CENTURY

- Evidence-Based Practice
- Information Technology
- Nursing Today

### Chapter 2 The Family in Mental Health Nursing

**FAMILY SYSTEMS**
- Family Communication
- Boundaries
- Family Cohesion
- Family Flexibility
- Emotional Availability
- Family Competency
- Death and the Family System
- Grief
- Disenfranchised Grief
- Complicated Grief

**SEVERE MENTAL ILLNESS AND THE FAMILY SYSTEM**
- Family Burden
- Family Recovery

**MENTAL DISORDERS ACROSS THE LIFE SPAN**
- Youth
- Pregnancy
- Parenting
- Couples
- Adult Children
- Older Adults

**FAMILY NURSING PRACTICE**
- Family Assessment
- Assessment of Vulnerability to Relapse
- Cultural Assessment
- The Nurse as Educator
- The Nurse as Life Coach
- The Nurse as Referral Agent
- The Nurse as Spiritual Caregiver
Chapter 3  The Community in Mental Health Nursing

THE MENTAL HEALTH SYSTEM
  History
  Current System
  Obstacles to Care

COMMUNITY MENTAL HEALTH
  Principles
  Treatment Settings and Services
    Hospitals, Outpatient Services, Housing, Schools, Home Care
  Disenfranchised Populations
    Rural Communities, Homeless Populations
  Correctional Systems

COMMUNITY MENTAL HEALTH SERVICES
  Screening Programs
  Case Management
  Crisis Response Services
  Bridging Strategies
  Support Services
  Psychosocial Rehabilitation
  Education
  Employment
  Telehealth

TRANSFORMING THE MENTAL HEALTH SYSTEM

Chapter 4  The Role of Cultural Diversity in Mental Health Nursing

CULTURE AND MENTAL HEALTH
  Problems Related to Culture
    Immigration, Alienation From Group, Socioeconomic Status
  Culture-Specific Syndromes

VALUES
  Value Orientations
    Humans and Nature, Humans and the Universe, Sense of Time, Productivity, Interpersonal Relationships
  Predominant American Values
  Nursing Values
  Attitudes and Perceptions
  Generalizations, Stereotypes, and Prejudice
  Discrimination

CARING FOR A DIVERSE POPULATION
  Cultural Knowledge

Cultural Sensitivity
  Skills in Culturally Congruent Nursing Care

DIVERSITY WITHIN THE PROFESSION

Chapter 5  Legal and Ethical Issues

TYPES OF ADMISSION

COMPETENCY

CLIENT RIGHTS
  Confidentiality and Privacy
  Informed Consent
  The Right to Treatment
  The Right to Refuse Treatment
  Least Restrictive Environment
  The Right to Communicate With Others
  The Right to Freedom From Unnecessary Restraints or Seclusion
  The Right to Participate in Legal Matters
  The Right to Consensual Sexual Relationships

REPORTING LAWS
  Duty to Disclose/Protect

LEAVING AGAINST MEDICAL ADVICE

CLIENTS WITH LEGAL CHARGES

THE PSYCHIATRICALLY DISABLED IN CORRECTIONAL SETTINGS

CARING: A PREREQUISITE TO ETHICAL BEHAVIOR

NURSING ETHICS
  Principalism
  Values
  Competent Care
  Research
  Ethics of Care

Chapter 6  Neurobiology and Behavior

DEVELOPMENT OF THE BRAIN
  Genes and Environment
  Fetal Brain
  Infant Brain
  Childhood Brain
  Teenage Brain
  Adult Brain
  Aging Brain
  Gender Differences
  Neuroplasticity
  Brain Repair

NEUROANATOMY
Detailed Table of Contents  vii

Brain Cells
Nerve Tracts
Brain Stem
Cerebellum
Cerebrum
Frontal Lobe
Parietal Lobe
Temporal Lobe
Occipital Lobe
Subcortical Structures
Limbic System, Basal Ganglia
Ventricles
Blood–Brain Barrier

NEUROPHYSIOLOGY
NEUROENDOCRINE FUNCTION
NEUROTHERAPY
NEUROTRANSMISSION
NEUROTRANSMITTERS
Biogenic Amines, Amino Acids, Neuropeptides, Neurohormones

Cyclic Patterns

FUNCTIONS OF THE BRAIN
Executive Functions
Memory
Working/Short-Term Memory
Long-Term Memory
Cognition and Language
Emotion
Motivation

PSYCHONEUROIMMUNOLOGY
NUTRITIONAL NEUROSCIENCE
DYSREGULATION

UNIT II  ILLNESS MANAGEMENT
AND RECOVERY

Chapter 7  Illness Management: Communication and Psychoeducation

RELATING
Characteristics of Caring Helpers
Nonjudgmental Approach, Acceptance, Warmth, Empathy, Authenticity, Congruency, Patience, Respect, Trustworthiness, Self-Disclosure, Humor

COMMUNICATING
The Nature of Communication
Nonverbal Communication, Listening, Levels of Messages, Communication Difficulties, Effective Communication

Techniques That Contribute to Ineffective Communication
Communicating With Families and Groups
Communicating With Children and Adolescents
Communicating With Older Adults

EDUCATING
Assessment
Diagnosis
Planning
Implementation

General Areas of Learning, The Problem-Solving Process, Family Education

Evaluation
Documentation

Chapter 8  Illness Management: Common Clinical Behaviors

The Road to Critical Thinking: A Client Experiencing Bipolar Disorder

CLIENTS EXPERIENCING HALLUCINATIONS
Types of Hallucinations
Assessment
Interventions

CLIENTS EXPERIENCING DELUSIONS
Types of Delusions
Assessment
Interventions

Clients Who Self-Mutilate
Forms of Self-Mutilation
Assessment
Interventions

CLIENTS WHO ARE AGgressive
Triggers of Aggression
Assessment
Interventions
Prevention, Interpersonal Skills, Nonverbal Communication Skills, Verbal Communication Skills

Seclusion and Restraints
Critical Incident Review
Chapter 9  Illness Management: Treatment Decisions

MENTAL HEALTH CARE CLIENTS
MENTAL HEALTH CARE PROFESSIONALS
  Nurses
  Nurse Informaticists
  Psychiatrists
  Psychologists
  Psychiatric Social Workers
  Occupational Therapists
  Recreational Therapists
  Specialists
  Clergy
  Collaboration

MILIEU THERAPY
  Characteristics of the Therapeutic Milieu
  Clear Communication, Safe Environment, Activity Schedule With Therapeutic Goals, Support Network

PSYCHOSOCIAL NURSING INTERVENTIONS
  Social Skills Training
  Activities of Daily Living Skills, Vocational Skills, Leisure-Time Skills, Communication Skills, Conflict-Management Skills
  Self-Esteem Interventions
  Remotivation Therapy
  Reminiscence Therapy
  Physical Exercise

CRISIS INTERVENTION

COGNITIVE–BEHAVIORAL THERAPY

BEHAVIORAL THERAPY

PLAY THERAPY

ART THERAPY

INDIVIDUAL PSYCHOTHERAPY

FAMILY THERAPY

GROUPS
  Task Groups
  Psychoeducation Groups
  Group Therapy
  Support Groups
  Twelve-Step Programs

TECHNOLOGY AND THERAPIES

BIOLOGICAL THERAPIES
  Electroconvulsive Therapy
  Transcranial Magnetic Stimulation

COMPLEMENTARY/ALTERNATIVE THERAPIES
  Acupuncture
  Animal-Assisted Therapy
  Aromatherapy
  Ayurveda
  Traditional Chinese Medicine
  Chiropractic Therapy
  Curanderismo
  Herbal Medicine
  Homeopathy
  Hypnotherapy and Guided Imagery
  Kinesiology/Applied Kinesiology
  Massage Therapy
  Meditation
  Native American Healing
  Naturopathy
  Prayer
  Reiki
  Spiritual/Shamanic Healing
  T’ai Chi
  Therapeutic Touch
  Yoga

Chapter 10  Illness Management: Medications

INTRODUCTORY CONCEPTS
  Pharmacokinetics
  Pharmacodynamics
  Pharmacogenomics
  Discontinuation Syndrome
  Smoking, Alcohol, Hydration, and Nutrition
  Off-Label Use

PSYCHOTROPIC MEDICATIONS

ANTIPSYCHOTIC MEDICATIONS
  Physiological Effects
  Therapeutic Effects
  First-Generation Antipsychotics
  Second-Generation Antipsychotics
Side Effects
First-Generation Antipsychotics, Second-Generation Antipsychotics
Toxicity and Overdose
Administration
ADJUNCTIVE MEDICATIONS FOR EPS
ANTIDEPRESSANT MEDICATIONS
Physiological Effects
Therapeutic Effects
Side Effects
Toxicity and Overdose
Administration
MOOD-STABILIZING MEDICATIONS
Physiological Effects
Lithium, Anticonvulsants/Calcium Channel Blockers/Antihypertensives
Therapeutic Effects
Side Effects
Toxicity and Overdose
Administration
ANTIANXIETY MEDICATIONS
Physiological Effects
Benzodiazepines, Azaspirones
Therapeutic Effects
Side Effects
Benzodiazepines, Azaspirones
Toxicity and Overdose
Administration
CENTRAL NERVOUS SYSTEM STIMULANTS
ANTICRAVING MEDICATIONS
SPECIAL POPULATIONS AND PSYCHOPHARMACOLOGICAL TREATMENT
Older Adults
Pregnant Women
Children
Medically Complex Clients
Severely and Persistently Psychiatically Disabled Clients
Culturally Diverse Clients
NURSING INTERVENTIONS
Client and Family Participation
Teaching: Prescribed Medication
Medication Teaching Groups
Teaching: Medication Management
Teaching: Weight Management
Teaching: Temperature Regulation
Collaboration: Family Support

UNIT III MENTAL DISORDERS

Chapter 11 Anxiety and Somatoform Disorders

The Road to Critical Thinking: A Client Experiencing Anxiety Disorder

KNOWLEDGE BASE

Anxiety Disorders
Generalized Anxiety Disorder, Panic Disorder, Phobic Disorders, Obsessive–Compulsive Disorder, Posttraumatic Stress Disorder, Acute Stress Disorder, Dissociative Disorders, Somatoform Disorders, Factitious Disorder, Malingering, Comorbid Disorders

Etiologies
Genetics
Neurobiology
Intrapersonal Factors
Interpersonal Factors
Cognitive Theory
Learning Theory
Behavioral Theory
Gender-Bias Factors
Psychopharmacological Interventions
Multidisciplinary Interventions
Alternative Therapies

NURSING PROCESS

Chapter 12 Eating Disorders

The Road to Critical Thinking: A Client Experiencing Eating Disorder

ANOREXIA NERVOSA AND BULIMIA NERVOSA

KNOWLEDGE BASE

Purging Disorder
Binge Eating Disorder
Nocturnal Sleep-Related Eating Disorder
Obesity
Prader–Willi Syndrome
Comorbid Disorders
Etiologies, Genetics, Neurobiology
Intrapersonal Factors
Cognitive Theory
Behavioral Theory
Family Factors
Gender-Bias Factors
Chapter 13  Mood Disorders

The Road to Critical Thinking: A Client Experiencing Mood Disorder

KNOWLEDGE BASE
Types of Disorders
Pregnancy and Postpartum
Onset and Course of Disorders
Comorbid Disorders
Etiologies
Genetics, Neurobiology, Intrapersonal Theory, Learning Theory, Cognitive Theory, Sociocultural Factors, Gender-Bias Theory

Psychopharmacological Interventions
Multidisciplinary Interventions
Alternative Therapies
Transcranial Magnetic Stimulation, Vagus Nerve Stimulation, Exercise, St. John’s Wort, SAMe, Vitamin B, Tyrosine, Melatonin, DHEA, Omega-3 Fatty Acids, Aromatherapy, Acupuncture, Animal-Assisted Therapy, Music Therapy

NURSING PROCESS

Chapter 14  Schizophrenic Disorders

The Road to Critical Thinking: A Client Experiencing Paranoid Schizophrenia

KNOWLEDGE BASE
COMORBID DISORDERS
ETIOLOGIES
Genetics
Neurobiology
Diathesis-Stress Model
Psychopharmacological Interventions
Multidisciplinary Interventions
Psychiatric Rehabilitation, Group Therapy, Assertive Community Treatment (ACT), Electroconvulsive Therapy, Transcranial Magnetic Stimulation, Omega-3 Fatty Acids, Aromatherapy, Acupuncture

NURSING PROCESS
Chapter 16  Personality Disorders

The Road to Critical Thinking: A Client Experiencing Personality Disorder

**KNOWLEDGE BASE**

**Cluster A Personality Disorders**
Paranoid Personality Disorder, Schizoid Personality Disorder, Schizotypal Personality Disorder

**Cluster B Disorders**
Antisocial Personality Disorder, Borderline Personality Disorder, Histrionic Personality Disorder

**Narcissistic Personality Disorder**

**Cluster C Disorders**
Avoidant Personality Disorder, Dependent Personality Disorder, Obsessive–Compulsive Personality Disorder

**Personality Disorders Not Otherwise Specified**
Depressive Personality Disorder, Passive–Aggressive Personality Disorder

**Comorbid Disorders**

**Etiologies**
Genetics, Neurobiology, Intrapersonal Factors, Sociocultural Factors, Family Theory, Gender-Bias Theory, Alternative Therapies, Psychopharmacological Interventions

NURSING PROCESS

Chapter 17  Disorders of Children and Adolescents

The Road to Critical Thinking: A Client Experiencing Spectrum Disorder

**KNOWLEDGE BASE**

**Attention Deficit/Hyperactivity Disorder**

**Oppositional Defiant Disorder**

**Conduct Disorder**

**Tourette's Disorder**

**Bipolar Disorder**

**Asperger's Disorder**

**Autistic Disorder**

**Comorbid Disorders**

**Etiologies**
Genetics, Neurobiology, Intrapersonal Factors, Sociocultural Factors, Family Theory, Gender-Bias Theory, Alternative Therapies, Psychopharmacological Interventions

NURSING PROCESS

Chapter 18  Gender Identity and Sexual Disorders

**KNOWLEDGE BASE**

**Sexual Health**

**Gender and Transgender**

**Gender Identity, Gender Roles**

**Paraphilias**

Noncoercive Paraphilias, Coercive Paraphilias

**Altered Sexual Function**

Sexual Desire Disorders, Sexual Arousal Disorders, Orgasmic Disorders, Sexual Pain Disorders, Problems With Satisfaction, Increased Sexual Interest, Sexual Addiction, Sexual Problems Among Gay Men and Lesbians

**Etiologies**

Biology, Intrapersonal Factors, Behavioral Theory, Interpersonal Factors, Sociocultural Factors, Multidisciplinary Interventions

NURSING PROCESS

UNIT IV  NEUROBEHAVIORAL DISORDERS

Chapter 19  Cognitive Impairment Disorders

**KNOWLEDGE BASE: DEMENTIA**

**Comorbid Disorders**

**Etiologies**
Genetics, Neurobiology, Environmental Risk Factors, Protective Factors

**Psychopharmacologic Interventions**

**Multidisciplinary Interventions**

**Alternative Therapies**

Antioxidants, Omega-3 Fish Oil, Phosphatidyl Serine, Melatonin, Dehydroepiandrosterone, SAMe, Lecithin, Music Therapy, Touch Therapy, Animal-Assisted Therapy

**KNOWLEDGE BASE: DELIRIUM**

**Comorbid Disorders**

**Etiologies**

Neurobiology, Environmental Factors

**Psychopharmacologic Interventions**

NURSING PROCESS
Chapter 20  Neuropsychiatric Problems

KNOWLEDGE BASE
- Degenerative Disorders
  - Parkinson’s Disease, Huntington Disease
- Frontal Lobe Dementias
  - Pick’s Disease, Creutzfeldt–Jakob Disease
- Epilepsy
- Multifocal Disruptions
  - Multiple Sclerosis, Brain Attack
- Infections
  - HIV/AIDS, Pediatric Autoimmune Neuropsychiatric Disorders, Lyme Disease
- Traumatic Brain Injury
- Psychopharmacological Interventions
- Multidisciplinary Interventions
- Alternative Therapies

NURSING PROCESS

Chapter 21  Suicide

The Road to Critical Thinking: A Client Exhibiting Suicidal Behavior

KNOWLEDGE BASE
- Reasons
- Assisted Suicide
- Comorbid Disorders
- Causes of Suicide
  - Genetics, Neurobiology, Interpersonal Factors, Behavioral Theory

NURSING PROCESS

UNIT V  VIOLENCE

Chapter 22  Interpersonal Violence

The Road to Critical Thinking: A Client Experiencing Interpersonal Violence

KNOWLEDGE BASE
- Sibling Abuse
- Child Abuse
- Intimate Partner Violence—Heterosexual
- Intimate Partner Violence—Homosexual

Elder Abuse
- Abuse of Pregnant Women
- Emotional Abuse
- Stalking
- Comorbid Disorders
- Etiologies
  - Neurobiology, Intrapersonal Theory, Social Learning Theory, Gender-Bias Factors

NURSING PROCESS

Chapter 23  Sexual Violence

SEXUAL HARASSMENT

RAPE

KNOWLEDGE BASE: RAPE
- Victims
- Perpetrators
- Comorbid Disorders
- Etiologies
  - Intrapersonal Factors, Interpersonal Factors, Sociocultural Factors, Gender-Bias Factors

NURSING PROCESS

Chapter 24  Community Violence

KNOWLEDGE BASE
- Types of Violence
  - Affective Violence, Predatory Violence
- Types of Homicide
- Settings of Community Violence
  - Workplace Violence, School Violence, Street Violence
- Comorbid Disorders
- Etiologies
  - Neurobiology, Learning Theory, Contextual Sensitivity Hypothesis, Socioeconomic Factors, Parent and Family Factors, Peer Influences

NURSING PROCESS
Chapter 25  Nursing Management of the Problems Associated With Exposure to Natural Disasters and Terrorism

KNOWLEDGE BASE
  Types of Traumatic Events
  Motivation of Terrorists, Types of Terrorism, Individual Responses to the Threat of Terrorism and Disaster, High-Risk Groups

NURSING PROCESS

Appendices:
A. DSM-TR-IV CLASSIFICATION
B. NANDA
C. ANSWERS TO NCLEX-RN® REVIEW QUESTIONS
